

Sahil Dhingra

Frontend Web Developer & Software Engineer

✉ sahildhingra221@gmail.com 📞 7347648126 🔗 Portfolio 🌐 LinkedIn 🐙 Github

Crafting intuitive and performant interfaces that turn complex products into seamless user experiences. Experienced in delivering FinTech trading terminals, insurance platforms, stock screeners, PWAs, and real-time WebRTC applications. Skilled across React, Next.js, Express, and MongoDB with a strong eye for design using Figma. Passionate about bridging product vision with engineering to ship scalable, user-centric solutions. Dedicated to writing clean, maintainable code that balances speed, performance, and usability.

SKILLS

Frontend — React.js, Next.js | JavaScript (ES6+), TypeScript | React Query, SWR | Redux, Context API | HTML5, CSS3, SASS, Bootstrap | Tailwind CSS, Chakra UI, Shadcn

Backend & APIs — Node.js, Express.js | REST APIs, GraphQL | MongoDB, Mongoose | Authentication (JWT, OAuth)

System & Application Expertise — Progressive Web Apps (PWA) | WebRTC (real-time communication) | Responsive & Cross-Browser Development | Performance Optimization & Lazy Loading | CI/CD Basics (GitHub Actions, Vercel, Netlify)

Tools & Collaboration — Git, GitHub, GitLab | Figma (UI/UX) | Jira, Trello, Notion | Postman, Swagger

EXPERIENCE

Front End Developer

KoiReader 🔗

05/2025 – Present

Bengaluru, India

Working on **real-time video streaming** and **warehouse data visualization** solutions across **Next.js frontend** and **FastAPI backend**.

- Built a **WebRTC-based camera feed integration** (FastAPI + FastRTC + Next.js) for low-latency warehouse camera streaming.
- Contributed to **KoiDock app**, adding **interactive dashboards, filters, and export features** for warehouse insights.
- Enhanced skills in **real-time systems, backend APIs, and data-driven UI design**.

Software Development Engineer - 1

Wealthy 🔗

04/2023 – 05/2025

Bengaluru, India

Delivered end-to-end features for **FinTech** and **InsurTech applications**, delivering high-quality **UI design (Figma)** and **Next.js frontend implementations** with a focus on SEO, usability, and scalability.

Collaborated closely with product, design, and marketing teams to build tools and platforms used by Wealthy's clients and partners.

- Built an **insurance selling portal** for Wealthy partners to generate proposals and manage end-to-end client processes.

- Revamped **UI/UX flows** for **health, 2-wheeler, 4-wheeler, term, and savings insurance** products, improving partner and client journeys.
- Created the **UI and integrated REST APIs** for a **stock trading terminal**, ensuring a seamless trading experience.
- Developed an **in-house email template generator** for the marketing team, streamlining campaign creation.

SDE Intern

12/2022 – 03/2022

Wealthy [🔗](#)

Bengaluru, India

- Built the **stock screener landing page & screener UI**, enabling interactive market data analysis.
- Designed blog pages in **Figma** and implemented SEO-friendly **Next.js frontends**, enhancing search visibility and performance.

Web Designer (Internship)

05/2022 – 12/2022

Toxsl [🔗](#)

Chandigarh, India

Worked on both **in-house enterprise applications** and **client projects**, gaining hands-on experience in UI implementation and product development.

- Contributed to in-house products including **ERP systems, school management platforms, employee portals, and HR tools**.
- Converted **Figma designs into responsive HTML/CSS** interfaces for third-party client applications.
- Collaborated with senior developers to ensure **pixel-perfect, cross-browser compatible UIs**.

Web Developer

05/2018 – 11/2018

Worked as Freelancer [🔗](#)

Freelancing

Delivered **task-based projects and end-to-end web solutions** for clients across different domains, focusing on responsive, performance-driven frontends.

- Built **static and dynamic product landing pages** with modern UI/UX best practices.
- Developed **responsive, SEO-friendly websites** tailored to client requirements.
- Collaborated directly with clients to translate business needs into **clean, maintainable frontend code**.
